

JULY 2025

Matlacha/Pine Island Fire Control District

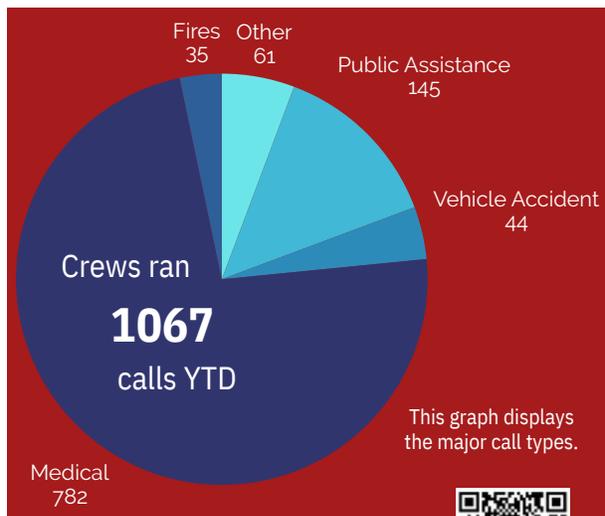

On the morning of July 26, the Marine Emergency Response Team responded to a boat on fire in Turtle Bay. The fire was extinguished in about 10 minutes. Excellent teamwork by all agencies involved in delivering a swift, coordinated response.

Happy 4th of July from the Matlacha/Pine Island Fire Control District! We had a blast being part of the 4th of July parade! Crews ended the day with a great firework show put on by the American Legion Post 136! Engine 152 and Brush 152 got to stand by on fire watch and enjoy.

Please join us in congratulating Firefighter Ryan Bemis, who has officially earned the title of becoming a credentialed paramedic within our department! This achievement is no small feat—it represents months of intense training, countless study hours, and a relentless drive to grow as a life-saving professional. Through every challenge, Firefighter Bemis showed unwavering commitment, deep compassion, and a true passion for serving others. We couldn't be prouder to have him on our team. The future is bright, and our community is in great hands.
